

JUST AS LOUD

Dance all evening and nothing to pay for music. No one to thank. No one to tire. One small payment and the Victor is in your home; a few more and you own it forever. The music is just as loud and clear and fine as though you waited months for it to save up the full price. Yes, thank yourself for not waiting.

CANT AFFORD TO OIL STREETS

**Supervisors Have No
Money For Fleet
Entertainment**

From the general attitude of the County Supervisors at their meeting last night it does not appear that the Fleet Entertainment Committee can hope for any assistance from that honorable body. Lack of funds was given as the reason why the Royal Hawaiian Band could not be increased during the stay of the Fleet, and lack of funds was also given as the reason why the streets along the waterfront could not be oiled.

Little Archer, as usual, delayed the meeting by kicking over a small item of \$5 per year in the County Engineer's department which was expended for an engineering journal. Engineer Gere explained that the magazine was kept in the office for reference, and that it was needed there.

A communication was read from Captain Rees of the Naval Station asking that Alakea, Richards, and Alon streets and Ala Moana be oiled, in view of the fact that the Fleet would soon be here. Mr. Hustace thought that the county could not stand the expense at this time, but suggested that water carts be sent there and the streets well watered. The matter was referred to the Roads Committee.

Captain Otwell also wrote a letter to the Supervisors asking that the road between Honolulu and the Federal works under course of construction at Pearl Harbor be repaired. H. P. Wood for the Promotion Committee asked that this road be fixed up. Chief Thurston of the fire department reported that the department had answered three alarms during the month of May, the estimated property loss being \$700.

On account of the fact that the appropriation for the construction of the Paumotu bridge proved inadequate, County Engineer Gere asked that the balance of the Kaunala appropriation be turned over to the former. This was granted by the Board. Gere also reported that the bridges in Koolauloa district had been completed at a total cost of \$2912.14.

Chas. Hustace asked the Board if they had any names to suggest for the position of Road Supervisor. Dwight nominated T. P. Cummins and his nomination was seconded by Archer. The application of C. L. Hopkins for the position was read. Tom Cummins was elected unanimously.

"The duties of your office are great," said Chairman Hustace, "and we trust that you will do your best in the work."

Tom Cummins thanked the Board, and pledged himself to carry out the work to the best of his ability.

The salary of Mr. Evans, who will take Cummins' place, was fixed at \$125 per month. Eddie Hopkins salary was named at \$100 per month.

A petition was read asking that the Chung Hoon road be macadamized. It was referred to the Road Committee. Another petition from taxpayers was read asking that Quarry street be repaired. It was referred to the proper authorities. Mr. Harvey stated that there were some citizens who had been witnesses in some "blind pig" cases in pillbox because they had received no pay. Deputy County Attorney Milverton stated that the men would probably be paid for what time they had lost.

Mr. Milverton also stated that his department would not advise the Supervisors to make any appropriation in favor of the Salvation Army. Therefore the petition was laid on the table for the present.

The following accounts and pay

Heat Prostration And Heart Failure

are very rarely feared by those who keep their system in perfect condition. This is easily done by using as a medicine

DUFFY'S PURE MALT WHISKY

as it has no equal as a tonic-stimulant and builder of new blood and tissue. It tones up the heart's action, soothes the nerves and keeps the body healthy and strong.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence which is the most effective tonic stimulant and invigorator known to science. Softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Sold by druggists, grocers and dealers or direct. Price \$1. Write Dr. R. Curran, consulting physician, for a free illustrated medical booklet containing some of the many convincing testimonials received from grateful men and women who have been cured, and free advice. Duffy Malt Whiskey Co., Rochester, N. Y.

Pay roll meeting: The Board adjourned to meet again at noon on June 18 for the consideration of pay rolls.

ILLUSTRATED ADDRESS.

The Okayama orphanage is the most remarkable beneficent institution under native Christian auspices in the Far East. The story is one of thrilling interest and its founder, Mr. Ishii, is one of the marked men of the Empire of Japan because of the special favor that Mikado Mutsuhito has shown him. The vice manager of the orphanage is in town and with the assistance of Rev. Frank S. Scudder will give in Central Union church tomorrow evening on account of the work illustrated with beautiful views, both moving and still. Many of the pictures have been tinted by well known Japanese artists. Mr. Scudder will preside at the platform and Mr. Onoda at the lantern. The service is under the auspices of the cabinet. A quartet composed of Mrs. Mackall, Mrs. Weight, Messrs. Stanley and Chester Livingston will sing. At morning worship Dr. Bradford Leavitt of San Francisco will preach in Central Union. He has many friends in the city who will wish to hear him. The singing in the morning will be led by the above quartet who will sing as the anthem Marston's "Pilgrim." The offertory will be by Mrs. Mackall Birch's "O For a Closer Walk With God."

Women's boat club and coeds of university of California will keep their shells on Lake Merritt this summer.
